

APEX is Seeking Junior Geophysicists

APEX Geoscience Ltd. is an international consulting company with offices in Canada and Australia. We provide a broad range of professional geological services to clients around the world working on most commodities. Our North American team currently comprises more than 100 geologists, geophysicists and geotechnologists. At APEX the health, safety and well-being of our employees, our clients and our communities is our top priority. APEX has developed a COVID-19 Business Continuity Plan and is operating field programs that follow the lead of our jurisdictional health authorities.

APEX is currently seeking graduate and student geophysicists for summer employment on a variety of office and field based mineral exploration projects within Canada and potentially abroad.

Qualifications:

- Currently enrolled in or B.Sc. in Geophysics / Earth Sciences from an accredited University;
- Physically fit and able to work in extreme weather conditions; extreme heat and cold; wet or humid
- Available to travel and work on flexible field schedules
- Able to work in a collaborative team setting with a positive and proactive attitude
- A valid Driver's License;

Duties will include but are not limited to:

- Assisting with data collection for a variety of geophysical and geological activities
- Ensure surveying and QAQC protocols are upheld
- Initial processing and review of newly acquired data
