

APEX is Seeking Project Geologists

APEX Geoscience Ltd. is an international consulting company with offices in Canada and Australia. We provide a broad range of professional geological services to clients around the world working on most commodities. Our North American team currently comprises more than 100 geologists, geophysicists and geotechnologists. At APEX the health, safety and well-being of our employees, our clients and our communities is our top priority. APEX has developed a COVID-19 Business Continuity Plan and is operating field programs that follow the lead of our jurisdictional health authorities.

APEX is currently seeking Project Geologists with 5-8 years of field experience for contract employment on a variety of field based mineral exploration projects within Canada and potentially abroad.

Qualifications:

- 5-8 years geology field experience
- Experience in field project management and project planning
- Experience running sampling, and drilling programs
- Experience managing up to 10 employees an asset
- B.Sc. or higher in Geology / Earth Sciences from an accredited University;
- Physically fit and able to work in extreme weather conditions; extreme heat and cold; wet or humid
- Available to travel and work on flexible field schedules
- Able to work in a collaborative team setting with a positive and proactive attitude
- A valid Driver's License;

Salary will be commensurate with Experience.
